

THARUSHI CHAMODI

INTERACTIVE MEDIA STUDENT

ABOUT ME

Creative and passionate Interactive Media undergraduate with interests in UI/UX design, digital marketing, branding, creative coding, animation, and immersive technologies. Skilled in HTML, CSS, JavaScript, React, Figma, Adobe Creative Suite, Unity, and Processing. Experienced in developing websites, mobile applications, VR experiences, branding projects, and interactive digital content. Seeking opportunities to build innovative and user-centered digital experiences.

PROJECTS

Jonty Clothing Brand Digital Marketing Project

- Developed and executed digital marketing strategies for a clothing brand.
- Created social media content, promotional videos, and advertising materials.
- Planned marketing campaigns to improve brand awareness and customer engagement.
- Designed visual content and managed digital branding activities across social media platforms.
- Analyzed target audiences and developed content strategies for fashion marketing.

Brand Identity & Branding Project

- Developed a complete brand identity from the initial concept stage.
- Created the brand name, logo, color palette, typography, and visual identity guidelines.
- Designed brand assets, packaging concepts, and promotional materials.
- Conducted market research and developed brand positioning strategies.
- Applied branding principles to create a consistent and recognizable brand identity.

Dragon Rider: Journey to the Hidden World - VR Experience (Group Project)

- Designed and developed an immersive VR experience using Unity 6 and Meta Quest 3.
- Integrated physical motion synchronization with virtual environments and spatial audio.
- Created interactive storytelling experiences and realistic dragon flight simulations.
- Worked with Unity XR Toolkit, Blender, and C# for implementation.

2D Animation Projects Using Moho

- Created character animations and motion graphics using Moho Animation Software.
- Designed storyboards, animated scenes, and visual storytelling projects.
- Applied principles of animation, timing, and character movement.
